

YAVAPAI FOLK AT FLAGSTAFF

Many Teachers From County Attending Summer Courses; Rural School Conference Held in North.

(From Thursday's Daily)

Several Yavapai county people are in Flagstaff attending summer courses at the Northern Arizona Normal school, under the school itself and the University of Arizona, and several professors from the state university are giving courses at Flagstaff, it was reported yesterday by Mrs. Ward H. Wheeler, county superintendent of schools. Mrs. Wheeler was one of several county superintendents of schools to attend a rural school conference at Flagstaff, at which problems of county district school work were discussed.

C. G. Sargent, professor of education at the agricultural college at Greeley, Colo., a specialist on rural school consolidation, was the chief speaker at the conference, explaining the modern movement toward rural school consolidation, a plan whereby one school serves several scattered districts, the children usually being gathered by a school bus. This plan makes possible the greater effectiveness obtainable in larger schools.

Prof. Sargent is a specialist on rural school consolidation. Mrs. Wheeler said, and was prominent in starting the consolidated school movement. The Sargent consolidated school in Colorado was one of the first as it is now the finest school of its type in the country.

A number of discussions of county school problems were presided over during the conference by Miss Elsie Toles, state superintendent of schools.

Among Yavapai county people in Flagstaff are Miss Verde Beaver, principal of the Lincoln school of this city; Miss Alice Adams, formerly principal of Prescott High school, who is visiting Miss Beaver; Johnathan Booth, principal of the Mayer school; Helen Holte, of Mayer; Mrs. Ed Blackstone, of Ash Fork; Miss Lucile Etter, of Bumblebee; Miss Myrtle Clark, of Williamson valley; Miss Barnabette Ball, who taught two years ago in this county; and Miss Helen Rogers, who formerly taught at Willard.

YOUNG FOLK WILL PICNIC IN HILLS NEARBY TONIGHT

(From Thursday's Daily)

The Christian Endeavor of the Congregational church will hold its monthly picnic tonight at a spot about four miles out on the Jersey Lily road. The group will leave the church at 5:30 p. m. for the picnic grounds. Five automobiles have been secured and a number expect to ride horses to and from the scene of the jollification, indicating an attendance of at least 30.

The committee in charge, of which Dorothy Morrison is chairman, promises a lively program and a delicious luncheon. Watermelon and ice-cream will provide an added treat. Should the party be rained out it is expected to hold the affair in the church basement and ante-room so that no one will be disappointed, no matter what the weather. Everybody interested in the society and its young people are cordially invited to attend and enjoy the evening out of doors or in the church rooms, in case of rainy weather.

WHIPPLE BOY DIES HERE; TAKEN HOME

(From Thursday's Daily)

The body of Herman Kreiger, who died at Whipple Saturday from disabilities incurred during the war, was started for Kreiger's home in Harrison, Kans., last night. C. J. Kreiger, brother of the deceased, accompanied the body.

Herman Kreiger was one of the oldest patients at Whipple, having been there for the past couple of years, following his discharge from the army. He incurred tuberculosis during his service in the army.

C. J. Kreiger arrived from the east this week to accompany his brother's body home for burial. Before leaving last night he said that he had never found a town where people were so cordial and attentive as they are in Prescott. The city itself, he said, impressed him very much.

POST LOSES STATE GAINS F. W. SHWARTZ

Medical Officer at Whipple Becomes New Superintendent of Arizona Hospital by Campbell's Appointment.

(From Thursday's Daily)

News of the appointment by Governor Campbell of a Fort Whipple officer, one of the first of the medical experts who have come to Arizona by reason of the great government hospital, is contained in a Phoenix item regarding the filling of the vacancy at the head of the state hospital. Major F. W. Schwarz of Whipple Barracks, it is announced, has been named by the governor to superintend the state's institution at Phoenix.

Of the appointment the Republican says:

Announcement of the appointment of Dr. Frank W. Schwarz, past assistant surgeon of the United States public health service, neurological section, as superintendent of the state hospital for the insane was made public yesterday by Governor Thos. E. Campbell. The appointment was made to fill the vacancy caused by the resignation of Dr. Ray Ferguson, several days ago, as head of the hospital.

Dr. Schwarz, the governor said, has been borrowed by the state from the United States health service to take charge of the hospital. Dr. Schwarz arrived in Phoenix yesterday from Prescott and assumed his new duties at once.

Dr. Schwarz, the governor said, will give more attention to the medical phases of the operation of the hospital than has heretofore been given. The former superintendents, he added, have had to give a great deal of attention to the business end of the institution, which has tended to cut down the time available for the medical side of the hospital. The business management of the hospital will be taken over to a great extent by the board of directors of the state institutions and Bert Wingar, secretary to the board, the governor explained, which will leave Dr. Schwarz free to devote most of his time to the medical needs of the hospital.

In this work, Dr. Schwarz will be assisted by Dr. Mildred Thoren and the staff of the hospital. A great deal of laboratory work is to be done, according to Governor Campbell, but this will in a measure be limited because of the lack of a suitable receiving ward at the hospital. Under the new regime, Dr. Thoren will remain as assistant superintendent.

Dr. Schwarz is a graduate of the University of Pennsylvania, the Medical-Chirurgical college, and the Temple university, all in Philadelphia. He has made a special study of neuro-psychiatry.

During the world war, Dr. Schwarz was commissioned as a major in the medical corps and served for 31 months as regimental surgeon in the 319th field artillery. Eighty-second division, better known as the "All-American division." Eighteen months of this service was spent overseas with the regiment.

In September, 1920, Dr. Schwarz assumed charge of the neuro-psychopathic hospitals of the United States public health service, located at Tagoma, Wash., and Boise, Idaho. Since April, 1921, he has been stationed at Whipple Barracks, at Prescott, coming from there to Phoenix to take charge of the state hospital here.

Dr. Schwarz is married. His wife was a United States regular army nurse and spent 14 months overseas in the service. She was stationed at Bordeaux, France.

YAVAPAI JUDGES TO ATTEND MEETING OF LAWYERS AT FRISCO

Both Yavapai county superior judges will probably attend the meeting of the American Bar association to be held in San Francisco next month, it was learned yesterday. Judge Lamson was expected to leave today or shortly thereafter, for southern California for his vacation, which he expected to wind up with a visit to the association convention.

Judge Sweeney will remain in town for the present, according to his plans now, but will include a trip to the San Francisco convention in his own plans for a vacation.

SHEA MINE TO START AUG. 1. JEROME REPORT

Presence of Tom Collins in Jerome Gives Rise to Announcement; Mining Stocks of Verde District Active.

(From Thursday's Daily)

By the first of the coming month active new development will be under way at the Shea mine and it is the intention of the management to push the work with every possible speed and with every man that can be used to advantage, says the Verde Copper News.

"Superintendent Oscar Engelder has completed the necessary preliminary work in the way of straightening the shaft, some new machinery has been installed and everything is ready for a campaign of active exploration that will include an extension of the tunnel to the Grand Island ground and a new drift on the 800 level.

"Captain Tom Collins has been here this week in consultation with Superintendent Engelder and plans for the immediate future have been worked out to the last detail. With an ample development fund in the treasury there will be a consistent effort to prove up what so many people believe to be the most promising prospect in the southern end of the district and it is expected that early shipments will be begun.

"That the eyes of the mining investors of the country are turned to the district is evidenced by the strength of all the local stocks on the Boston exchange and by the interest displayed on the coast. The most active stocks are the Verde Jerome, the Verde Central and the Shea, and that there is strong support behind these issues is shown by the fact that the least price recession is the signal for a buying movement that speedily restores the normal quotations.

"Not many sales are reported at current quotations and it is evident that holders of the stocks are determined to await developments rather than to do any speculative trading. There is a good demand for the stocks mentioned and all offerings are snapped up readily while buyers find some difficulty in getting orders filled unless they are prepared to bid a trifle over the prices quoted."

SCOUTS HONOR COURT FRIDAY

The next session of the Prescott Boy Scout court of honor will be held at the superior court rooms tomorrow evening at 8 o'clock. The court of honor committee consists of Dr. H. T. Southworth, chairman; Dr. C. E. Yount, commissioner, and the Messrs. J. K. Wade, Harry Colvig and George Nilsson.

Second class badges will be awarded to Chas. Hartin of Troop II, Bob Yount and Dixon Fagerberg of Troop I, and Art LePage of Troop III. First class badges will be presented to Bill Bate and Jack Newman, both of Troop II.

Albert Case, senior patrol leader of Troop I, and Arthur Davis, Jr., senior patrol leader of Troop II, will appear before the court to receive merit badges in various branches. Arthur Davis will receive two and Albert Case will be presented with six merit badges.

At Camp C. J. P., an efficiency contest in scoutcraft and campcraft was held, and to those completing the requirements camp bars will be awarded for faithfulness and scouting characteristics. The following scouts of Prescott will receive this decoration, a bar pin of a red hue, reminding them of the red rocks about camp: Scouts Ned and Bob Yount, Chas. Shaw, Dixon Fagerberg of Troop I, Bill Bate and Chas. Hartin of Troop II, and Art LePage of Troop III.

Announcement will also be made of the winners in the camp diary contest which was conducted by the camping committee. Dr. H. T. Southworth appointed a committee to judge these diaries, and should a Prescott scout be the winner of any one of the three prizes, he will be notified and being present will receive the award. The prizes consist of a pair of fieldglasses, a cook-knit and a scout-axe.

The public is cordially invited to attend these ceremonies. In fact, the court of honor committee should like to see a greater attendance at these functions, showing a public interest in the advancement of the

LOCAL MEN BUY OUT ICE PLANT

Assets of Crystal Ice Company Sold at Receiver's Sale for \$25,000 to Group of Prescott Business Men.

(From Thursday's Daily)

Sale of the assets of the Crystal Ice, Fuel & Supply company was completed Tuesday and a receiver's deed and bill of sale filed at the office of the county recorder yesterday. The company's assets have been sold to A. B. Fox for \$25,500, by S. R. Trengove, appointed receiver for the company on March 11. Mr. Fox is understood to have acted for a number of Prescott business men who purchased the ice plant. Norris & Norris represented the purchasers.

The Crystal Ice, Fuel & Supply company, of which P. A. Johns and Bert Johns were owners, went into the hands of a receiver on March 11, following an action instituted in the superior court by Henry Brinkmeyer, Jr. An order directing the sale of the company's assets was entered in the superior court on July 11, and the sale held at public auction Tuesday.

Plans of the new owners of the plant will be announced later, it was said.

THUNDERSTORM SETS BUILDINGS AFIRE IN FLAGSTAFF TUESDAY

A brilliant electrical storm accompanied by heavy rain coming down in torrents started three fires in Flagstaff Tuesday night, one of which burned down a recently completed apartment house, it was reported here yesterday by Mrs. Ward H. Wheeler, county superintendent of schools, upon her return from attending a rural school conference at the Northern Arizona Normal school.

The storm, Mrs. Wheeler said, was the most brilliant she has ever seen. The lightning flashed almost continually, and even the heavy rain could not put out the fire which burned down the apartment house. This building had been finished only recently and was newly occupied. The storm occurred between 8 and 8:45 o'clock.

No severe storm visited Prescott, although rain fell and bright lightning flashed between 9 and 10 o'clock here. Lightning struck a building in Ash Fork, it was reported, but did no damage.

K. C.'S TO BANQUET

A banquet honoring Rev. Father Foulkes, S. J., of El Paso, will be given by the local Knights of Columbus lodge at the Owl at 7 o'clock this evening. Father Foulkes last week conducted a mission at the Church of the Sacred Heart, and will leave soon, the mission having ended Sunday evening. Visiting Knights of Columbus are invited to attend the banquet. Reservations may be made by telephoning George Stack, phone 86.

YEAR TERM IS GIVEN OGULIN

Man Said to Have Been Jerome's Best Source of Supply Put Away Here Though He Would Have Preferred Atlanta.

(From Friday's Daily)

Matt Ogulin, several times in difficulty with the superior court over the manufacture of liquor, yesterday was given one year in jail by Judge Sawtelle following his conviction on a charge arising from the investigations of federal prohibition agents.

Ogulin, who was said to have been one of Jerome's most prolific sources of supply, was unsuccessful in his effort to have the court order him to the Atlanta penitentiary, and will serve his time in the Yavapai county jail.

FIGHT FANS KEEP JOURNAL-MINER ON JUMP WITH REPLIES

(From Friday's Daily)

Not since the last clash of heavy-weights over a world championship has so much interest been shown in boxing as was manifest yesterday and last evening over the Leonard-Tendler affair. The Journal-Miner, connected with the Associated Press bureau in Phoenix by the only private wire in northern Arizona, was able a few minutes after the final gong, to inform fans of the outcome of the unsuccessful assault of the Philadelphia scrapper in the lightweight title of Benny Leonard of New York.

A good deal of money seemed to have been bet locally on a knockout, and, of course many bets were divided when both batters failed to deliver the sleep-punch. Tendler appeared to be the more popular boxer, and the theory was that Benny, who has remained the title holder since he walloped Freddie Welsh about six years ago, had had that honor about long enough. Then, too, Benny's casual dismissal of Tendler as a "dub" and a "second-rater" was not popular.

The Journal-Miner lost count of the number of telephone and personal inquiries made by interested patrons of this paper, but all who called were given the completest bulletins available within an hour after the close of the 12-round session in Jersey City.

AUTO CAMP GROUNDS

SALEM, Ore., July 26.—Automobile camp grounds are a great help in bringing new residents to a town. Salem has found. Last week a Minneapolis family arrived at the camp grounds here one evening and bought a home the next day. Several other homes here have been sold this summer to tourists who have stayed for a time at the auto park.

FIREMEN, OILERS HERE ARE STRIKERS SAYS THEIR CHIEF

That a called strike of the local members of the International Brotherhood of Firemen and Oilers is in effect at the Santa Fe shops, is the assertion of a committee of the Federated Shop Crafts, with which the firemen and oilers are affiliated. This strike went into effect on July 17, members of the committee said yesterday in refutation of statements of the effect that no such strike had been called.

In support of their reply to published notices, the shop crafts committee produced a letter from Fred W. Voll, Jr., secretary-treasurer of the federation, who writes from Ogden, Utah, in part as follows:

"To all seven shop crafts committees. Greetings:

"While the International Brotherhood of Firemen and Oilers was organized in 1898, it was strictly commercial until 1917. The A. F. of L. granted them the right to take railroad men and we were admitted to the shop crafts this year, and are one of you. Our strike went into effect July 17, 1922, and these are the jobs that belong to us: Stationary steam and coal hoisting engineers, stationary firemen, boiler-room oilers, water tenders, coal passers, engine watchmen, fire builders, fire knockers and cinder pit men.

"Any man doing this work is scabbing on the shopcrafts. Now pull every fellow off these jobs at once. Whenever the company cannot get the power house to make steam and cannot get fires knocked or cleaned nor fire built in engines nor get coal hoisted or shoveled, you well know what it will do to help your fight."

LICENSED TO WED

A marriage license was issued yesterday to John Bernardi, 35, of Yavapai county, and Louise Bernardi, 22, of Bassees Alpes, France. They are second cousins.

SCOUTS TO MEET

Prescott Boy Scouts will meet at scout headquarters at 7:30 tomorrow night to plan for a camping trip to the Boy Scout camp in the Groom Creek district. All those planning to go are requested to be present at the meeting.
